

# SEE. STAND. SERVE.

IT'S TIME TO TURN AWARENESS INTO ACTION

## Stand In for homeless children

### OUR CITY IS MISSING SOMETHING

As you might be aware, there are 2,972 homeless students accounted for in the Cleveland Metropolitan School District. They're trapped in a cycle of poverty that leaves them stigmatized and struggling for normalcy. Without a place to call home, escaping this violent cycle becomes a nearly insurmountable barrier, which is why we need our city to **SEE** this crisis and take action.

#### WHAT IS THE STAND IN?

We want to make the city of Cleveland aware of this critical issue. That's why we are gathering 3,000 individuals to **STAND** In Public Square and represent the children who desperately need our city's help. We are not simply attempting to raise awareness - we are calling greater Cleveland to action.

#### HOW CAN YOU HELP?

As an agency, you can join us and **SERVE** the community by attending the event, Standing In with us, and representing your agency's work and needs at an information table. Learn more, register, and access promotional resources at the URL below.

#### WHEN DO WE STAND?

The Stand In event will take place the **late afternoon-evening of June 29th in the center of Public Square** in downtown Cleveland.
